Sweet Savings, Lasting Memories

Healing Waters Sanctuary

Michelle Jefferies

Happy New Year! As the sun paints the sky with its early morning hues, we find ourselves filled with awe and wonder at the beauty and potential of a brand-new day. Today, we share a breathtaking sunrise, a reminder that every morning is a chance to start anew, just like this year.

Today, we have a magical, powerful, beautiful new moon to guide us into this brand-new traditional year, and this new moon is a truly new beginning in more ways than one.

The sheer transformative potential that this moon holds is huge, and what we intend, act, and put into place at this new moon will create the structures and foundations to build the life that you will, not just for the year ahead but for decades to come.

This new moon lands on almost the exact degree point of the January 2020 Saturn-Pluto conjunction, which started the shake-up of the last few years.

As the moon activates this degree point while conjunct Pluto and ruled by Saturn, this year is the year that we truly begin to make the changes and rise into who we want to be and the world we want to create.

Everything we have been through over the last few years has prepared us for this time when we will indeed be called to step up and make a difference in the world.

Pluto is the planet of transformation, power, death, and rebirth, and the shift of Pluto into Aquarius is one of the biggest astrological transits of 2024 and will shift, shape, and transform the way of our world for the next few decades, until 2043.

At this new moon, you now make your choices about the life you want to live over the next year (and 20 years) and set clear intentions around what you are ready to begin, change, initiate and step into in your life.

As we embark on this journey together in 2024, let us draw inspiration from this celestial event. Just as the new moon signifies a fresh start, let us embrace new opportunities, growth, and healing.

Stay tuned for our newsletter as we share insights, events, and experiences designed to support your path of transformation and well-being. Together, we'll navigate the path ahead with hope, purpose, and a renewed sense of wonder.

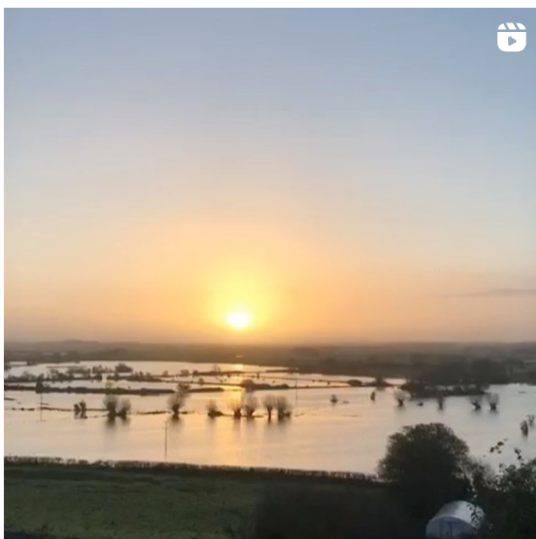

Wishing you a year filled with limitless possibilities and profound transformations.

Lots of love,

Juliet Yelverton
